

Partner Program

for Certification Bodies & Third-Party Auditors

The RizePoint Partner Program is specifically designed to help certification bodies and auditing companies increase profit margins and customer retention as well as create valuable efficiencies for both you and your clients.

Why Partner with RizePoint?

Competitive Advantage

The more you become integral to your clients' certification and auditing processes, the more likely you are to retain and see repeat customers and control a bigger market share.

Increased Profit Margins

If you also provide other services, you'll create and offer more robust and profitable service packages. You'll be one step closer to creating a financially reliable and stable customer base.

Customer "Stickiness"

When you provide invaluable service offerings within a streamlined customer experience, you'll become "stickier" with clients, resulting in deeper, more valuable relationships.

Marketing & Training Support

You'll have access to a resource center that includes marketing tools and training materials, so you can enjoy better collaboration and communication with your clients.
